

REMARKS

Claims 1-30 are pending in the application.

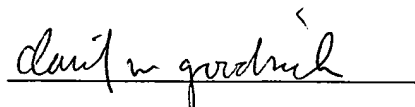

The above amendments are being made to put the claims of the present application in proper form for U.S. practice. These amendments are not being made for the purposes of or relating to patentability.

CONCLUSION

Entry of the aforementioned amendments is respectfully requested.

Respectfully submitted,

25 February 2005

A handwritten signature in cursive script, appearing to read "David M. Goodrich", is written over a horizontal line.
